INTERNET SAFETY CONCEPTS

EDUCATE. EMPOWER. PROTECT.

More Than a Presentation.

School & Family Digital Safety Partnership

Practical education. Shared conversations. Continued support.

Connect engaging student presentations with practical tools for educators and families. Internet Safety Concepts offers coordinated programs that support learning before, during, and after presentation day.

STUDENTS | **EDUCATORS** | **PARENTS & CAREGIVERS**

BEFORE

Prepare & Personalize

- School planning consultation
- Pre-program student learning questions
- School and family communication materials

DURING

Engage & Educate

- Age-appropriate student presentations
- Parent and caregiver programs
- Educator training and practical strategies

AFTER

Reinforce & Follow Up

- Post-program learning questions
- Classroom activities and family resources
- Scheduled school follow-up consultation

KEY TOPICS

Online Safety | Cyberbullying | Digital Footprints | Social Media | Gaming | Scams | AI Awareness

One Connected Approach. Built Around Your School.

Choose a focused program or an extended partnership for your school or district.

Let's plan your school's digital safety program.
